Marketing and Community Support Opportunities

Yukon Chamber members stand united to create a strong local economy for a higher quality of life. In addition to building deeper relationships with other YCC businesses, members reach potential customers, clients and vendors through member-exclusive sponsorships and opportunities for business-to-business advertising and publicity that generate new business leads.

AAU Region 16 Youth Track & Field

2023 will hopefully be the first of many opportunities for Yukon to host the Amateur Athletic Union at YHS. This event will bring in between 4-6000 athletes and their families to stay, shop and dine at local hotels, shops and restaurants. **Sponsorship levels**

New Teacher Luncheon

YCC loves to support and celebrate newly hired teachers to Yukon Public Schools, Southwest Covenant, St. John Nepomuk Catholic School, and Canadian Valley Technology Center. YCC businesses and organizations contribute "swag" items for bags presented during the August membership luncheon. **Sponsorship includes donating 175+ items for bags.**

Oklahoma Czech Festival

Each October, the Oklahoma Czech Festival attracts over 50,000+ people to Yukon. Chamber members can host a vendor booth at 4th and Main during the event. **Sponsorship includes booth space rental for \$100.**

Yukon Yuletide Express

Designed to promote and support our Shop Local campaign, YYE encourages people to visit the 40-plus participating YCC businesses to receive gift cards and other promotional discounts. **Sponsorship includes donating 10, \$25 gift cards or offering a discount coupon.**

Sponsorships

The Yukon Chamber of Commerce strives to promote its member businesses through recognition and networking event opportunities. In the interest of growing your business, the YCC and its members work together to bring economic growth to the area.

Yukon Profile

The annually produced Yukon Profile serves as an exclusive business directory for all Chamber members and is promoted on the yukoncc.com webpage, as well as distributed to Yukon residents through mail and placement at local businesses.
